Pro-Natural LEXX™
Key Product Features:

- Patented, 1-step disinfectant & cleaner concentrate designed for healthcare, sports care, schools and commercial use
- Ingredients are naturally derived, environmentally responsible, direct food additives
- EPA registered for Covid-19 and Emerging Pathogens
- Safe for cleaning multiple types of hard, non-porous surfaces
- Avoids degradation of building infrastructure seen with the use of harsh chemical disinfectants
- No rinsing required
- Will not mutate germs
- Non-Corrosive
- Minimal environmental toxicity is expected
- Controls slime buildup and formation of mold and mildew
- Neutralizes salt and ice-melt buildup on floors
